INTERNSHIP

• Cisco Networking [Link]

Jun 2024 - Aug 2024 Networking

• Gained hands-on experience with Cisco Packet Tracer to simulate and configure network devices.

- Learned : IP addressing, subnetting, and default gateway configuration.
- Configured static routing and an introduction to dynamic routing protocols such as OSPF and RIP.
- Practiced router and switch configuration, including hostname setup, interface assignment, and enabling remote access via Telnet/SSH.
- Understood and implemented basic security measures, such as password protection, and access control on devices.
- Completed capstone activities involving full network setup, testing connectivity, and troubleshooting using Cisco CLI commands.

SKILLS

Tools: Figma, Git, VS Code, Cisco Packet Languages: Java, MySQL

Development: HTML, CSS,

CS Fundamentals: DSA, OOPs, OS, DBMS, CN

PROJECTS

•E-Commerce Platform with Admin Panel & Analytics

Feb 2025 - *May* 2025

Tech Stacks: Java, HTML, CSS, React Router, Node.js, Express.js Database: MongoDB, JWT, Stripe API.

- Built a full-stack E-Commerce Web Application with secure user and admin portals using React.js, Node.js, and MongoDB.
- Implemented JWT-based authentication (access & refresh tokens) for user login and admin access control.
- Integrated Stripe API for secure online payments during checkout.
- Developed dynamic product browsing, search, filters, cart, and order history features for users.
- Designed an Admin Dashboard with product CRUD operations, order management, and real-time sales analytics using Chart.js/Recharts.
- Utilized Tailwind CSS for responsive UI and Axios for API communication across the app

• College Management System

Ian 2024

Tech Stacks: Core Java, MySQL, SQL, Netbeans tools

- Developed a College Management System application using Java and MySQL, with Apache **NetBeans** as the primary IDE.
- Implemented modules for student registration, faculty management, attendance tracking, and exam records.
- Designed relational database schemas to efficiently store and retrieve academic data.
- Applied object-oriented programming principles to ensure modular and maintainable code.
- Integrated GUI using Java Swing for a user-friendly interface and ensured data consistency and secure CRUD operations through JDBC.

EDUCATION

•Lakshmi Narain College of Technology & Science

Expected Jul 2026

B.tech - Computer Science Engineering (AIML) -- CGPA: 7.49/10.00

Bhopal, M.P

ACHIEVEMENTS

- Selected for SIH 2024!!
- Certified in Java Full Stack Developer
- Certified Cisco Networking
